You'll be so glad that you found us

WORKSHOP SERVICES

Allow us a few minutes of your time to introduce our workshop services to you.

What we can do for you

We are a transport company based in Spartan, Kempton Park. On site we have a workshop to cater for all our own truck repairs and maintenance. We had a huge demand from some of our clients to help maintain some of their own vehicles.

We then decided to open our workshop for outside work as well.

What we can offer you

- Full maintenance of all trucks and LDV's
- Clutch replacements
- General repairs
- Roadworthy
- C.O.F Tests

The same treatment our own fleet receives will be given to your vehicles as well.

We can assist you with all your vehicles repairs that are outside the warranty period.

Our staff is highly motivated to give you the best service possible.

Giving a good service to our customers at the right price and time is our goal to ensure a good working relationship.

We can assure you that we at Triangle Truck Hire will give you the best service we possibly can!
